Description :

PDF-fdffc | Over the past century, hundreds of billions of dollars have been invested in programs aimed at improving health on a global scale. Given the enormous scale and complexity of these lifesaving operations, why do millions of people in low-income countries continue to live without access to basic health services, sanitation, or clean water? And why are deadly diseases like Ebola able to spread so quic... *A History of Global Health: Interventions into the Lives of Other Peoples*
