Description :

PDF-5194a | At no other time in human existence have there been so many environmental changes. Over 87,000 chemicals are now commercially available in the U.S., almost all of which have not been tested for safety, particularly in young children and the growing fetus. The number and quantity of chemicals has continued to increase since World War II--and so too has the incidence of many chronic health problems,... *Integrative Environmental Medicine (Weil Integrative Medicine Library)*
