: Introduction to Behavioral Pharmacology

ISBN : #1878978365 | Date : 2000-05-01

Description :

PDF-7598d | There are hundreds, if not thousands, of substances that are used to modify behavior. While different classes of substances have known effects, one has only to see a group of people drinking to excess to recognize that not everyone responds in the same way to a given substance. Why do substances have the behavioral effects they do, and why do individuals vary in their responses to them?
