Description :

PDF-81fcd | The environment that we construct affects both humans and our natural world in myriad ways. There is a pressing need to create healthy places and to reduce the health threats inherent in places already built. However, there has been little awareness of the adverse effects of what we have constructed-or the positive benefits of well designed built environments. This book provides a far-reaching ... *Making Healthy Places: Designing and Building for Health, Well-being, and Sustainability*
