Description :

PDF-581d9 | “Health care is not failing but succeeding, expensively, and we don’t want to pay for it. So the administrations, public and private alike, intervene to cut costs, and herein lies the failure.” In this sure-to-be-controversial book, leading management thinker Henry Mintzberg turns his attention to reframing the management and organization of health care. The problem is not management per se... *Managing the Myths of Health Care: Bridging the Separations between Care, Cure, Control, and Community*
