Description :

PDF-72979 | Over the past half-century, the social terrain of health and illness has been transformed. What were once considered normal human events and common human problems?birth, aging, menopause, alcoholism, and obesity?are now viewed as medical conditions. For better or worse, medicine increasingly permeates aspects of daily life.Building on more than three decades of research, Peter Conrad explores ... *The Medicalization of Society: On the Transformation of Human Conditions into Treatable Disorders*
