Description :

PDF-5ae28 | Viktor Schauberger was one of the first genuine environmentalists. In the 1930s he was predicting ecological catastrophe when no-one else could see it coming. He foresaw: Global warming and its devastating consequences Increasing violence and lawlessness as the direct result of destructive methods which block Nature's energies and balance. The destruction of the world's forests and ecosystems. Thi... *Nature as Teacher: New Principles in the Working of Nature (Ecotechnology)*
