Description :

PDF-042b3 | Medical competence is a hot topic surrounded by much controversy about how to define competency, how to teach it, and how to measure it. While some debate the pros and cons of competence-based medical education and others explain how to achieve various competencies, the authors of the seven chapters in *The Question of Competence* offer something very different. They critique the very notion of comp... *The Question of Competence: Reconsidering Medical Education in the Twenty-First Century (The Culture and Politics of Health Care Work)*
